

# **Truth or Lie ?**

**You need a passport to travel to Europe.**

## Truth

You need a valid passport to legally travel to Europe.

## Lie

You can travel to other countries safely without a passport.

### Can you enter Europe without a passport?

No. For all of your travels to a different country, you need a valid passport. Additionally, in order to visit Germany, you will need to apply for a visa. Only with these two documents are you legally allowed to travel to Germany as a visitor. The same is true for all of Europe.
